

# African Leadership

17 November 2021

It is remarkable to see the following list of names and consider the sustaining impact these men and women will have on the generations that follow. As we enter this season of holidays and travel, family and friends, I wanted to invite you to appreciate your part in this work across Africa.

Each of the 2,356 names that follow represent over 100 people whose lives will be better because of the education you have helped provide. Families, communities, and countries will thrive because these leaders have received this education. Their coursework helps them know the Word of God more completely, hold emotional trauma and pain more carefully, and use the resources around them to build the dreams of their communities more thoroughly. From our data, more than 65% of these graduates will ***start something new for their community***.

Together, these graduates, their teachers, our continental staff, and *you* have helped create a world in Africa where more than 250,000 men, women and children have access to a healthier and more secure tomorrow. I pray this truth gives you reasons to pause and express gratitude this holiday season – more precisely, that it gives you 2,356 reasons to celebrate.

We could not and would not want to do this work without you. From it, we hope you feel more attached to the Africa of tomorrow, for it is one you have helped create.

Happy Thanksgiving and Merry Christmas,
